## PRESS INFORMATION

### *Goodwood Bathrooms introduces the 'City' range*

*City in Cherry Maple and Nero Absolut granite top*

Bringing warmth and individuality to the bathroom, Goodwood Bathrooms introduces the sophisticated *City* range.

Decadent yet practical, the *City* range of bathroom furniture (as seen above) features high quality Cherry Maple, black porcelain handles and a striking Nero Absolut granite top. Although traditional in style, the freestanding unit is perfect for the latest trend for achieving an open plan bedroom-bathroom area. Creating a look that is popular within boutique hotels, the *City* range can make it effortless to achieve a truly luxurious look within the home. Neatly housing bathroom toiletries and more, the combination of drawers and cupboards will keep unwanted clutter out of sight. Boasting a distinct style, the *City* range as seen above features raised and fielded trims, fitted bevel edge mirrors and arched pelmets.

Tailored to the customer's needs, Goodwood Bathrooms bespoke service is offered within the *City* range, allowing for complete control over the finish, size and layout.

The composition shown above retails from £10,461 including VAT. For more information on Goodwood Bathrooms, please call **01243 532121**, email [sales@goodwoodbathrooms.co.uk](mailto:sales@goodwoodbathrooms.co.uk) or visit [www.goodwoodbathrooms.co.uk](http://www.goodwoodbathrooms.co.uk)
