

## **PRESS INFORMATION**

### ***Contemporary high quality toilet seats from Goodwood Bathrooms***

Goodwood Bathroom's sister web site [www.oddshapelooseat.co.uk](http://www.oddshapelooseat.co.uk) has come up trumps with the latest addition to the range; *Modest*.

Striking and chic, the *Modest* toilet seat features a high quality solid Zebrano wood which matches the *Metro* range (also available from Goodwood Bathrooms). Complementing modern bathrooms, the *Modest* toilet seat features sleek lines and softly curved edges. With unfussy detailing, the *Modest* seat will ensure a high end look throughout the bathroom. Incorporating the latest trends, the Zebrano wood creates an eye-catching contrast against the white ceramic sanitaryware.

The seat shown above can be modified to suit personal requirements with a range of different colours and finishes. A colour matching service is available on wood finishes in addition to a selection of 3 solid colours and 16 environmentally friendly sustainable woods. A choice of fittings is also provided so that the colour, finish and shape are to the customer's preference. With a lifetime guarantee on hinge and buffer components, these toilet seats are truly built to last.

The *Modest* toilet seat measures 408mm length, 385mm width, and the holes are 120mm. The *Modest* toilet seat retails from £235 including VAT (price excludes fittings and fixtures).
