## PRESS INFORMATION

### *Simply stylish storage solutions*

Tackling storage solutions in unique and refined designs, Goodwood Bathrooms latest Metro range will keep any bathroom in order.

Creating a fusion between contemporary lines and traditional colours and textures, the latest addition to the Metro range is truly luxurious. Taking the best bits from traditional design, the tones and grain of the Natural Oak and Marron Brown marble top and splashback bring warmth and quality to the contemporary style.

Aiding the clutter free lifestyle, the sleek mirrors neatly conceal extensive storage. Keeping products right at your fingertips but out of sight, the Metro range caters for today's busy lifestyle.

Effectively using all possible space, the storage is continued underneath the basins with deep and wide contemporary styled drawers. With soft close hinges and drawers as standard, the quality throughout the range is clearly apparent. T bar brushed steel handles complete the modern aesthetic and fully adjustable shelving allows the unit to be tailored both inside and out. Further customisation is possible as the Metro range can be made to a bespoke specification with complete control over the size, material, handles, number of drawers, shelves and cupboards.

The Metro range as shown above measures 2200mm wide in Natural Oak with Marron Brown Marble top retails from £10,071 including VAT (price also includes the sanitaryware and taps).
