Traditional suites from Goodwood bathrooms

Specialists in manufacturing traditional furniture for the home, Goodwood Bathrooms ensure that every project completed is sympathetic to the environment that it is set within.

Although every Goodwood Bathroom is truly bespoke, the Traditional Ascot washstand is available as a separate unit measuring 1060mm height, 570mm deep and 800mm wide. However, like most products offered by Goodwood bathrooms, it can be manufactured in sizes to order, even incorporating a double washbasin for instance.

Illustrated above, the Traditional Ascot washstand features an Estromoz marble top and matching bath panels in Antique Pine. With a made to measure service, the Traditional furniture can be made to a customer's exact requirements in any choice of wood and in both freestanding and built in varieties, with one or two holes for mixers.

The composition of Traditional furniture pictured above retails from £3,120 including VAT. For more information on Goodwood Bathrooms, please call **01243 532121**, email sales@goodwoodbathrooms.co.uk or visit www.goodwoodbathrooms.co.uk.
